

# Living behind

Walking through the front door should be systematic  
I must have done that one or two million times  
Why does sleeping in my bed feel so problematic?  
Let's go up it's way too cold around here

Down, the TV has not much on tonight  
Where's the manual or the new program  
I don't really see it  
It's not the same living behind Nah

May I only have water tomorrow please?  
My inner powers don't really need food it's true  
Like a superhero I'll create the buzz  
I will fly up to the sky and find the clue

Down, not much on tonight  
What's the argument I suddenly feel  
I don't really like it  
It's not the same living behind Nah

living behind Nah  
living behind Nah

Down, the TV has not much on tonight  
Where's the manual  
No thank you  
I don't really want it  
It's not the same living behind Nah

It was here, I finally grab his hand  
Finally flying, smile upon my face

Hearts warm up and beat again  
Smiley faces here we go again
