

# Untenable

*Untenable, Untenable, Untenable*

*Underestimate the manifest,  
Unmentionable reality  
Underestimate the manifest,  
Unmentionable reality*

I'm unexpected  
I'll meet you there my dear  
I wasn't predicted, here, now

You're infected  
I won't disappear

Here, how can I

*Hear them talk  
Now I walk alone*

I won't disappear I hear now

I smile, I try, I run down your  
Mind blown, SHOUT!  
I am in your head  
Smile, try, run and hear right here

Despite the tries  
There's no alternative  
Despite the cries  
This is obligatory, terminology  
How did we even get on?  
This thing will shine through reality

*Oh Oh OOOOOOOHHH  
Oh Oh OOOOOOOHHH  
Oh Oh OOOOOOOHHH  
Oh Oh OOOOOOOHHH  
AAhhh AaaaaaaaaH*

Feels like I will hang around  
For a little while  
Not sure you want me around  
I'm untenable  
Looks like you'll see me around

For quite a while  
Well then I will hang around for now

*Untenable, Untenable, Untenable*
